

ROTATIONAL MOLDING

MEDICAL DEVICE MANUFACTURING

INJECTION MOLDING

3D RAPID PROTOTYPING

CAST URETHANE

RAPID PROTOTYPING AND SMALL-BATCH PRECISION PARTS. We transform your 3D CAD models into finished components using CNC Machining, Additive Manufacturing, and Urethane Casting. We deliver tight tolerances, fast turnarounds, and hands-on engineering collaboration.

YOUR SOURCE FOR PRODUCTION & PROTOTYPES

PRODUCTION & PROTOTYPING

- ADDITIVE MANUFACTURING
- CAST URETHANE
- DIRECT METAL LASER SINTERING
- INJECTION MOLDING
- METAL FABRICATION
- RAPID PROTOTYPING
- ROTATIONAL MOLDING
- SECONDARY FINISHES
- SILICONE RUBBER

METAL CASTING

- DIE-CAST
- INVESTMENT CASTING
- SECONDARY MACHINING
- ENGRAVING

CNC MACHINING

- CMM INSPECTION
- HARD-MILLING & TAPPING
- LOW VOLUME PRODUCTION
- LOW VOLUME PROTOTYPE
- MACHINED CASTINGS
- METAL & PLASTIC
- POST-MACHINING FINISHING
- SHEET METAL
- WIRE EDM

SURFACE FINISHING

- HEAT TREATING
- PLATING
- POWER COATING
- WELDING

INDUSTRY MARKETS

- AEROSPACE
- AGRICULTURE
- AUTOMOTIVE
- CONSUMER PRODUCTS
- ELECTRONICS
- INDUSTRIAL EQUIPMENT
- MEDICAL
- ROBOTICS/AUTOMATION
- TELECOMMUNICATIONS

MOLDS - TOOLING

- ALUMINUM
- 3D MASTER PATTERNS
- P-20 (TOOL STEEL)
- STEEL

MATERIALS

- | | | | | |
|-----------------|---------------------|-------------|-----------------|-------------------|
| • ABS | • CLEAR ACRYLIC | • GRAY IRON | • NYLON 6/6 | • STAINLESS STEEL |
| • ACETAL 30% GF | • COPPER | • HDPE | • PEEK | • TEFLON |
| • ALUMINUM | • DELRIN | • NYLON | • POLYPROPYLENE | • TITANIUM |
| • BRASS | • ENGINEERED RESINS | • NYLON 12 | • PVC | • ULTEM |
